EARLTON.

Gertrude Lless was in Chanute Mon and Tues visiting relatives and friends.

Mr Hoyt was called to Quenemo Sat night on account of the death of his father who has been poorly the most of the winter. Mrs Hoyt and Master Harold went up Mon morning to attend the funeral and will be gone several days.

James Daley and family were in town Sun afternoon.

Thomas Knowles and wife ate Sun dinner with Mrs Lless and children.

Mrs Celia Huffman who has been spending the winter with her daughter Mrs Gene Williams and family returned home Tues.

Now is the time to get those Easter hats you were talking about. You will find them on sale at Riley & Son. Also take a look at their new sheet music.

Mrs James George Bricker, Hilton, Wa and Will Bricker all went to Chanute Mon afternoon.

Mrs Henry Steeves received a telephone message from her son Sherman Richardson of Tulsa, Oklahoma. Mon evening stating that his baby wasn't expected to live until morning. Mrs Steeves left on the first train going south to be with them a few days.

Alfred Noble and family of Chanute came down Sat night and visited until Sun evening with his brother John and wife.

Grandpa Heilmann who has been poorly for so long passed peacefully away Sun night at 2:30 A. M. at the home of his daughter Mrs M P Clemens east of town.

BEST FOR SKIN DISEASES

Nearly every skin disease yields quickly and permanently to Bucklen's Arnica Salve and nothing is better for burns or bruises. Soothe or heal. John Deye, Gladwin, Mich., says, after suffering twelve years with skin and spending \$400 in doctors' bills. Bucklen's Arnica Salve cured him. It will help you. Only 25c. Recommended by All Druggists.

URBANA.

Mr Remington is here getting some new members in the Fraternal Aid Association.

Dr Iles made a business trip to Chanute Tues.

Urbana has a harness shop.

May Richardson made a business trip to Chanute Tues.

John Noble and wife were calling on relatives and friends here Sun afternoon.

A tight feeling in the chest accompanied by a short, dry cough, indicates an inflamed condition in the lungs. To relieve it buy the dollar size Ballard's Horehound Syrup; you get with each bottle a free Herbie's Red Pepper Porous Plaster for the chest. The syrup relaxes the tightness and the plaster draws out the inflammation. It is an ideal combination of curing colds settled in the lungs. Sold by D. B. Hickey Drug Store.

You will Like California

Because the you will have a chance to succeed. There climate, soil and water, in conjunction with intelligent labor, work wonders. Alfalfa, fruits, garden truck, poultry and dairy products point the way to more than a mere living.

Colonist Excursions March 15 to April 15

1913. Then one-way second-class tickets from Chanute, Kas., to Los Angeles, San Francisco, San Diego and to many other points in California will be sold for \$31.38. Corresponding fare from points on other lines in connection with the Santa Fe Liberal stop over privileges. Three fast trains daily from Kansas City carry tourist sleepers and free chairs. Hurry meals.

G. L. Pfundstein, Agt. Chanute, Kansas

When you feel dull, out of sorts, discouraged, half sick and everything seems to be going wrong, you can blame it on your liver. It is torpid. You need

HERBINE

A Medicine of Power in All Liver Disorders.

When the liver is torpid, it throws impurities into the system, which hamper every organ in the body. The result is that functional processes are not properly carried on. Impurities get into the blood, the stomach is bilious, the kidneys weak and the bowels irregular—generally constipated. Herbine cleans out all these impurities, opens up the obstructed channels, strengthens the torpid liver, cleanses the blood, purifies and regulates the bowels. After the system has been thus overhauled, there is an immediate improvement. Appetite returns, digestion is good, the spirits rise, the mind clears of gloomy forebodings and everything looks bright and cheerful, which means, sound, healthy conditions everywhere in the body.

Price 50c per Bottle.

JAMES F. BALLARD PROPRIETOR ST. LOUIS, MO.

To cure Smarting Eyeballs, Sore Eyes or Weak Sight, use Stephens Eye Salve.

WILL TRY TO GET RIGHT OF WAY

Electric Line Talk Strong Again--May be a New Hotel

The Board of Directors of the Commercial Club held a meeting Wednesday afternoon in the office of C. K. Large in which they discussed the proposed electric line from Parsons, or rather from Dennis. They agreed that they would render all the assistance they could in obtaining the right of way from here to Humboldt but would do nothing until they could arrange a meeting with Mr. Siggins when by the aid of charts he could let them see just where the proposed route would go and then they would immediately get busy on their part of the work. Mr. Siggins has said without reservation that when the right of way is obtained the rest of the work will begin at an early date. A meeting will be arranged as soon as possible.

Another matter was taken up by the Board of Directors that would add greatly to the accommodations of the city if the matter can be pushed through. This is the erection of a large modern hotel. The business men of the town have at several times been compelled to turn down the chance of having conventions and state meetings of various sorts here on account of the fact that Chanute does not have hotel accommodations for an extremely large crowd. The matter will be left in the hands of the Industrial Committee, composed of A. N. Allen, Milo T. Jones and E. P. Burns, to confer with A. H. Call about the question of a new hotel for Chanute.

The Commercial Club at this meeting moved that they should give twenty-five dollars to the D. A. R. for the entertainment of the D. A. D. Convention this month.

Quest Club

Mrs. R. L. McCune entertained the Quest club on Tuesday afternoon at her home. Roll call was responded to with Current Events. Mrs. C. L. led the lesson study. Modern Dutch Animal Painters was the subject of the lesson. Mrs. Wilfrid Cavaness gave a book review, "Queed." The Quest club will not meet next week owing to the meeting on Tuesday afternoon of the Women's Federated clubs. The Quest club will have charge of the program given that day.

Mrs. W. Heller has returned to Kansas City after visiting here with S. C. Brown and wife a few days.

J. F. Jones and wife are visiting relatives in Lawrence for a few days.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE. It is the best medicine ever sold over a druggist's counter.

Motorists Held Meeting

From Thursday's Timesett. The Automobile Club held its postponed meeting last night and set several matters which had been under discussion.

Among other things they indorsed the action taken in regard to the invitation extended to the Methodist ministers to hold the South Kansas Conference in Chanute next year.

They also arranged a ride about the city for those attending the D. A. R. Convention, all the needed cars being placed at the disposal of the local D. A. R.

The question of Jay Driving came in for a good share of discussion. Careless drivers were censured for their carelessness and an effort will be made to prevent jay driving among the motorists especially at corners, where it is most likely to cause trouble.

All motorists were requested to let Secretary J. E. Ward know of roads that are in poor condition, and he will see that the information reaches those men who are in charge of certain roads around town, and they will do what they can to get the hole or other irregularity repaired.

TUESDAY READING CLUB

Twelve of the members of the Tuesday Reading Club met this week at the home of Mrs. Sue Henry, West Main street. Mrs. Henry gave a paper on "Arizona." Another paper on "New Mexico" was to have been given by Mrs. A. S. Deacon but this was necessarily omitted owing to Mrs. Deacon's absence from the city. An informal discussion of the work that will be taken up by the club next year was taken part in by all of the members present and they will probably settle the question at the next meeting. Owing to the Federated Club meeting next week there will be no session of the Tuesday Reading Club until March 24th when they will meet with Mrs. F. D. Breyfogel.

In Yosemite Valley this Week

Mr. and Mrs. E. P. Bolle who are spending the winter in the Western States have written home that they are spending some time in the Yosemite Valley. One of the sights there which impressed them especially is the famous Granite Rock three thousand, three hundred feet high. It is estimated that if this immense granite rock could be crushed these would be an amount sufficient to construct a thirty-foot road from New York City to San Francisco. One side of this rock has an area of 400 acres and the top itself is the size of a 160 acre farm.

FILLING THE RESERVOIR

The rain is very welcome to the Santa Fe officials at this point on account of their being short of water at the reservoir south of town. The recent rains have raised the water level considerably as the land for a considerable distance around drains into the artificial pond. The Santa Fe has been taking a part of their water supply from the city mains since their supply has been low.

E. W. Grant of Erie was in town Wednesday on business.

Miss Ella Erickson after having been seriously sick for several days is reported as convalescent.

Fair Society Granted Lease on K. C. Park

To Hold Fair for One Week in Year--City Get One Half of Net Profits

At the meeting of the Board of Commissioners Wednesday G. K. Bideau, Secretary of the Four County District Agricultural Society presented to the commission the lease of the Fair grounds which has been talked of between the two parties for some time. The lease was granted after making one or two minor changes in it.

In general the lease reads that the Four County District Agricultural Society shall have the use of the Katy City Park within certain limits for a fair one week each year and that they shall erect east of Katy Avenue and north of Second street such buildings as they may desire for the displays and for the shelter of the stock exhibited. In consideration of this the city is to receive one half of the net profits and the money thus received is to be spent on improvements in the park, such as the Board of City Commissioners shall designate.

The Fair Directors are planning on the spending of a thousand dollars in barns and other buildings as soon as work can be commenced. These will be permanent buildings and are so placed that they will not interfere with using of the land for Park purposes.

Two Divorces Granted

Two divorce cases came up in district court Wednesday morning. Those of Maude K. and A. W. Butler, and Letha M. and Joseph W. Hawkins. Both divorces were granted in each case.

ENGAGED IN HUMANE WORK

Mrs. Ida M. Perry of Fowler, Calif., who is making a transcontinental trip is now visiting enroute with her cousin James Reed, and family.

Mrs. Perry is engaged in Humane work and is organizing a Band of Mercy among the people of Chanute. She has talked at one or two of the buildings, to the pupils and expects to address more of the rooms before continuing her journey. Mrs. Perry is especially interested in the condition of the horses of Chanute and one may find her novel little "Stickers" "A Plea for the Horse" attached to a number of buggies, horses and sets of harness where she thinks that the horse has not been treated as humanely as they should have been.

HATCHER IN CAST OF AVIATOR

The Thespian Dramatic Club last night staged the show The Aviator at the Bowersock Theater in Lawrence. In the cast was Ward Hatcher formerly of Chanute. Hatcher had the part of Sam Robinson, the mechanic. Hatcher's success on the boards dates back to the show "Brown of Harvard" staged by the class of 1910 in their Junior year, when Hatcher made a hit with his easy optimism and prodigious yawns.

Case Continued

The case of J. F. Bricegar vs. C. S. Nation in regard to commission for the sale of real estate has been continued by agreement of the attorneys from today, the date set for trial, until March 20th.

Robert Turley of Illinois is visiting his son L. E. Turley for a few weeks.

FEDERATED CLUB MEETING

Next Tuesday afternoon is the date set for meeting of the Women's Federated clubs at Library hall. At this time the recently elected officers will fill their places for the first time. The clubs are desirous of a large attendance as plans will be made at this time for the entertainment of the State Federation in May.

Edward F. Walser has purchased a new Overland car. It is a model 1913 and is a five passenger make.

Mrs. Andrew, Jr. and Fay Switzer are visiting for a couple of weeks in Wellington.

Oil Lamp Started Blaze

From Thursday's Timesett. The fire department was called last evening about 7:15 to 420 N. Kansas, the home of Mr. and Mrs. Charlie Fields. Although the run was made in good time the blaze had been extinguished before their arrival.

About seven o'clock Mrs. Fields came home, lighted a coal oil lamp and went with it to the bedroom. She started to blow out the flame and instead of being extinguished it apparently had gone down through the burner into the oil. She was afraid that the lamp would explode and started for the door with it, but became frightened before she reached the door, fearing that the lamp would explode before she got there, so she just threw the lighted lamp on the floor, where it immediately flamed up. The rug was burned and a small amount of damage done besides this, but the fire was a thing of the past in a few minutes.

Official Canvass Votes the Same

Bodley and Allen Will Compete For Treasurer of School Board.

The board of city commissioners canvassed the vote of the primary of March 11th at their meeting Wednesday afternoon and the votes remained the same as had been announced in Wednesday's Timesett, with the few scattering votes added.

The scattering votes will cause the placing on the ticket of another nominee for the school board. Mr. Bodley received 1244 votes for this place and a number of people received one each but Jesse E. Ward and R. N. Allen each received two votes. According to election rules Allen's name will now appear on the ballot for the city election together with F. E. Bodley unless he files a withdrawal. The method of deciding between Mr. Ward and Mr. Allen was by the drawing of lots.

Drilling in Old Tract

The Winkler Oil Company has drilled in a well this week on the Dietrich farm six miles north of Chanute, and W. S. Winchester shot it Tuesday. The well has not been tested but seemed to be a good well and is estimated to produce at least twenty barrels per day. This is well number one and drilling has already been started on well number two. This is in the heart of the old field which was drilled in the days of the boom, although no wells had been put down on this particular tract of land.

Surprised Their Pastor

The Young People's society of the Swedish Baptist church surprised their pastor, A. Blom, on his birthday by appearing 35 strong at his residence 517 North Grant, Tuesday evening. The Society held their regular business meeting and then adjourned to the residence of the Pastor and enjoyed a social evening at the close of which, light refreshments were served.

Miss Sadie Ebert is spending a few days in Pittsburg.

J. R. Chapple has returned from a business trip to Bartlesville and Cleveland, Okla.

Tea in Universal Use.

Today tea is used the world around. It is the natural drink of Russia, extending all over the Russian empire and into Siberia. It is the favorite beverage of all Asia, including Tibet, India, China and Japan. In England, Canada and the United States tea drinking is practiced by practically every household. Millions and millions of pounds of tea leaves are consumed every year.
